Dearest Timmy,

We missed your birthday. We were in London.  
I'm so sorry.

Julia Keels and I  
had a surprise - quite wonderful  
with a long queue of ladies lining  
up to kiss you. Here's another  
one.

Soon to Hel's bureau  
we'll keep one down  
for you then.

All love as ever,

Julie

Oh Professor and fellow  
Scorpio, many happy re-  
turns or to this maybe in-  
appropriate - but I love  
you and admire you im-  
mensely -

Love and kisses  
as ever

Helmut
